

Bachelor Of Operation Theatre & Anesthesia Technology	
Intake	40 Seats
Eligibility criteria	10+2 with Sciences (Biology)
Course duration	4 year Programme including 1 year of internship

Course Information:

Operation theatre Technologist is a member of a multidisciplinary team in operation theatres who prepare and maintain an operating theatre. Assists anesthetist and surgical team during peri-operative period and provides support to patients in the recovery room.

An operation theatre (OT) technologist forms an intrinsic part of any hospital. To become a trained professional one must undertake operation theatre technology course. An OT professional is the one, who facilitates the surgical procedures, planned and emergency both, by preparing in advance the equipment that are necessary for any surgical procedures. He/she also looks after all the work and management of the operation theatre which includes managing the patients in & out of operation theatre, looking after all the surgical equipment, arrangement of operation theatre table, dressing table, anesthesia table as well as management of the staff. As the surgical branch has various specialty including General Surgery, OBG, Cardiac, Ortho and genito-urinary, the OT technologist needs to know about these various specialties.
