Dear Dr. Lal Sir,

Greetings from Dr. Samir Patel !!!

As per our last two meetings at the Pharmanza, we discussed that Mr. Alkesh Patel, who is pursuing his Ph.D. at Ramanbhai Patel College of Pharmacy under my guidance. He already completed preliminary work of Cancer development and model standardization in animal (Rat). At presently, we want to make further progress in this Cancer Research, where we are targeting Cancer stem cell in Colon Cancer I model. We already work out for all necessary things (animal approval, setting all required of parameter and its evaluation. For the assessment of all set parameters, we got permission from Gujarat Cancer and Research Institute at Ahmedabad ordered carcinogen according to regulatory guidelines, selected test drugs based on targeting specific molecular pathway) and got approval from CHARUSAT o carry out this research.

We have received minor research grant approval from CHARUSAT to start this work, but it is not ufficient. As we have a plan to target Cancer stem cells, it requires robust and sophisticated techniques o evaluate test drugs effects like estimation with flow cytometry and immunohistochemistry. Also, the naintenance of animals for 32 weeks during this study with proper disposal (biomedical waste disposal) f its waste acquire extra cost as animals are suffering from Cancer.

this research, we face the grant deficient situation, as our earlier conversation with you, we need your upport and requesting you to help us as a philanthropist by donating a requisite amount of money to romote Cancer Research. We assure that fund provided for Cancer Research will be utilized with roper justification, and it won't be misused in any situation. We also ensure that whenever any data of us recearch get published or presented, we acknowledge Pharmanza Herbal Pvt. Ltd as a financial power of this research. The goal of this research is to bring out scientific evidence that fills research aps and ultimately benefits Cancer patients by improving their quality of life. The Researcher wishes collaborate for many futures endeavours where there is a need to promote Cancer Research and the nestion of enhancing Cancer patients life.

7ith this brief, we request you to communicate further for your financial support approval and let us now your the requirement, need or acceptations that we need furnish from our side in the anticipation promoting Cancer Research from Pharmanza Herbals Pvt Ltd.

ease consider our situation favourably and do the needful for us.
