

A photograph of a classroom. In the foreground, there are several rows of wooden desks with blue seats. At the front of the room, there is a large white projector screen and a green chalkboard. The chalkboard has some mathematical equations written on it, including $\sin(x) + \cos(x) = \sqrt{2} \sin(x + \frac{\pi}{4})$ and $\sin(x) - \cos(x) = \sqrt{2} \sin(x - \frac{\pi}{4})$. The ceiling is white with several square fluorescent light fixtures and three ceiling fans. The walls are light-colored. There is a door on the right side of the room.
