**Feedback Analysis on Curriculum Design from Stakeholders (A.Y. : 2023-2024)**

**Feedback from Students:**

The department has formal and informal mechanisms to obtain feedback from stakeholders through various committees, associations, organization, etc. The suggestions and feedback of stakeholders were discussed in the BoS meeting and got approval in the Board of studies, and Academic council and made the approved changes in the syllabus.

- The teaching methodology is excellent as teachers use the projector to show us the visuals and presentations.
- More time should be given to implement a project or research that we cannot do at home due to resource limitations.
- Need to conduct more hands-on activities and industry-required skills sessions on the subject being taught.
- If possible, events such as cognizance and spoural should be organized so that it should not disturb the normal teaching of the classroom, as this semester we didn't get that much time for studies.
- More workshops should be there.
- There is no facility for filtered water in the institute. And the bench is not proper.
- Organize more coding contests and focus on coding.
- Need to strengthen placement by bringing good companies with higher packages.

**Feedback from Alumni:**

- The curriculum should bridge the gap between industry standards, current global scenarios, and academics.
- Some students feel the curriculum is not engaging enough.
- Incorporate the latest technological knowledge into the syllabus.
- Align academics with industry standards through an adequate curriculum.

Dear all,

We are pleased to inform you that CHARUSAT has renewed its campus-wide license for MATLAB in June 2024. Please refer to the trailing email for details.

As Dr. Minal Patel sir was already aligned with the process mentioned in the trailing email for providing the asked data; therefore in this regard, all staff members are requested to keep Dr. Minal sir updated on the mentioned 4 points (in trailing email).

He will act as Single Point of Contact (SPOC) for providing necessary institute data upon request.

Thank You

Dear All,  
Greetings!!!

CHARUSAT has renewed Campus wide license of MATLAB in June 2024.

The license / Usage of MATLAB is free for CHARUSAT students and Faculties with their CHARUSAT email IDs. Many of the Institute are using MATLAB software for teaching practical aspects of their subjects.

All heads of the departments / institutes are requested to do the following for maintaining usage of MATLAB software.

- 1. Maintain a Log book / Student attendance for all subjects where MATLAB is used.**
- 2. Maintain the List of Projects developed by students using MATLAB Software.**
- 3. Maintain the List of Research Papers published with details of conference / journal using MATLAB Software.**
- 4. List out Faculties / Students who are using MATLAB in pursuing their PhD (With Title).**

A person from IT Cell / Research Cell will frequently visit and ask to produce the above details.
